CUSTOMER COMMITMENT

We're sorry to announce that in September this year, Avondale Coachcraft Ltd went into administration and ceased to manufacture touring caravans. Unfortunately that means the company can no longer honour any warranties issued with its vehicles. In line with our strong commitment to after sales care, however, we want to reassure those customers affected that we will honour any warranty agreement for the first 12 months of ownership. Extended warranties given by Avondale for up to five years after purchase won't be covered but we'll do everything we can to rectify any problems that may arise and try to keep costs to a minimum. We still offer an extensive range of caravans and motorhomes from leading manufacturers including Elddis, Coachman and Lunar, among others. Call into our showroom or visit the website to find out more about the wide variety of models and accessories available.

DON'T LET PUNCTURES SLOW YOU DOWN!

If you've ever had the inconvenience of a puncture when you've been on the road then you'll be interested to hear about a clever new product designed to solve the problem. Ultraseal prevents 95 per cent of punctures by permanently sealing them as they happen. Effective on punctures up to 6mm and tested at speeds of up to 150mph, Ultraseal provides an instant repair that will last for the life of the tyre – and avoids disruption to a pleasant trip out. To find out more, ring our service department on 01909 568720.
